MEMORANDUM FOR DISTRIBUTION A

FROM: 50 SW/CC

SUBJECT: Schriever AFB Environmental Management System (EMS) Commitment Statement

1. The Wing EMS policy statement is an unwavering commitment to achieving and maintaining excellence in our environmental stewardship while accomplishing our mission.
2. The EMS shall ensure sustainable growth of mission and infrastructure, while cleaning up past environmental damage wherever it exists, complying with the environmental standards applicable to present operations, planning future activities to minimize environmental impacts, and responsibly managing the natural and cultural resources held in public trust. In support of these goals, we shall:
  - a. Strive for continual improvement of our environmental processes
  - b. Comply with applicable legal requirements and other requirements which relate to the Wing's environmental aspects
  - c. Identify significant impacts and risks when establishing environmental objectives and targets that affect accomplishment of the Wing's mission
  - d. Integrate environmental information into planning and decision making across all organizational missions, activities and functions
  - e. Reduce waste generation and the release of toxic chemicals through innovative pollution prevention, effective facility management, and sound acquisition and procurement practices
  - f. Promote conservation and sustainable management of installation lands
3. Questions should be directed to the 50 SW Environmental Office, 50 CES/CEIE, at 719-567-3360.

A handwritten signature in black ink, appearing to read "JESR", is positioned above the typed name of the signatory.
